ZIPPER MASCHINEN ZI-HS7T 220V 1060mm
3000W, 7t, 1060mm. 3 variable positions, cross knife, moving device.

Description:

- Vertical model for splitting short and metre logs
- Stable and torsion-resistant steel construction
- Fast and convenient handling because of stepless adjustable split lift
- Two-hands safety switching mechanism with hand protection
- Log table; 3 variable positions
- incl. cross knife
- Convenient transportation due to moving device

Specifications:

voltage: 220V / 50Hz

motor power: 3,0 kW
splitting force: 7 tons
splitting blade stroke: 460 mm
cutting diameter: 70-400 mm
log cutting capacity: 580 - 770 - 1060 mm
hydraulic lift: 14-15 MPa
forward speed: 4-5 cm/sec.
reverse speed: 10-12,5 cm/sec.
dimensions: 560x460x1100mm
packaging dimensions: 540x358x1160 mm
weight (net/gross): 98 / 103 kg
