highlights:

- compact structure
- light weight
- portable
- easy operation
- pilot arc
- cutting current LED display
- Overload protection
- included in delivery: pressure relief, cutting torch, earth cable, extensive spare parts box

technical details:

welding:

input voltage: 3x400V 50Hz
input power capacity in KVA: 17
welding current range in A: 20-100
duty cycle in %: 60
welding cable length in m: 3/4
earth clamp in A: 300
gas post flow time in s: 10
welding current range: 20-100
max. cutting capacity in mm: 35
cutting torch length: 4

measurements:

adjustment range: mm

weight:

gross weight in kg: 57
net weight in kg: 46

packaging:

width in mm: 390
length in mm: 690
height in mm: 710

general data:

EAN code: 912003904764
